

Hinkley Point B power station

December 2018 monthly report

Introduction

This is our latest monthly report, sharing news with our local community stakeholder groups and local councils. This forms part of our commitment to being an open and transparent business. These reports are also available to all members of the public at www.edfenergy.com. This newsletter covers

November 2018.

Safety update

We measure our safety performance against top tier indicators, including nuclear reportable events, environmental events, and staff and contract partner recordable injuries. It is now over twelve years since we experienced a nuclear reportable event, over nine years since our last environmental event, over two years since the last employee lost time incident, and over one year since our last contract partner lost time incident.

Station generation

Reactor 3 has been on-line since 9 June 2018, and operated at nominal full load throughout November. Reactor 4 has been on-line since 30 May 2018, and operated at nominal full load throughout November.

Station news

Rowan wins top apprentice award

A big well done to Hinkley Point B's Rowan Hill-James, who was named as the power station's Apprentice of the Year at EDF Energy's annual apprentice graduation ceremony. Rowan received his award from Simone Rossi, EDF Energy's Chief Executive Officer, at a prestigious apprentice graduation ceremony in Birmingham. As well as Rowan, our congratulations also go to Jamie Knight, Lloyd Johnson, Liam Nally, Zoe Middleton and Adam Biddiscombe (not pictured) for successfully completing their four year apprenticeship with EDF Energy.

At the ceremony Simone Rossi welcomed the family and friends of 52 apprentices from around the business, and he told the audience that in the past 10 years the company had seen nearly 600 apprentices pass through the scheme.

Applications for EDF Energy's 2019 apprentice intake are open and full details can be found at www.edfenergy.com/careers.

and Wales number 3076445.

Counter Terrorism exercise

On 28 November Hinkley Point B held its annual counter terrorism (CT) exercise which was observed by the Office for Nuclear Regulation – Civil Nuclear Security (ONR – CNS). The exercise was deemed an adequate demonstration of the site's counter terrorism arrangements and the station was given a 'green' rating.

Next community meeting

The next Site Stakeholder Group meeting will be held on Friday 8 March 2019 from 10:00 hours to 13:00 hours at a venue to be confirmed.

Season's greetings

Peter Evans and all the team at Hinkley Point B power station would like to wish our neighbours a very happy Christmas and a safe and prosperous 2019.
